## Coast Rancher Dies of Burns In Fuel Blast

### Seven Horses Burned To Death As Fire Razes Barn

John Louarn, 28, El Granada ranch operator, suffered fatal burns Wednesday when gasoline being loaded into his truck exploded. He died at the Mills Memorial Hospital at 11:45 p. m.

Louarn was using a lantern at the time and it evidently ignited the gasoline fumes.

The rancher rolled himself in the dirt to extinguish the flames and his wife, Laura, secured water from a nearby trough and poured it over him. She was assisted by Louarn's adopted son, Cecil.

Meanwhile flames from the burning truck spread to a barn, destroying it and killing seven horses.

Louarn was brought to the Mills Memorial Hospital, San Mateo, for treatment for first, second and third degree burns, and died a few hours later.

The mishap occurred on the Vasquez ranch at El Granada. The ranch is under lease to M. E. Cunha and was being worked on shares by Louarn.

Louarn also was owner of the El Granada Riding School, and three of the animals which perished were valuable saddle horses.

The rancher is survived by his father, Allen, and a brother, Allen Jr.

Mrs. Louarn is a daughter of Deputy Coroner Manuel Dutra.

The body was removed to the chapel of Sneider & Dutra at Half Moon Bay.

## Electric Line On Peninsula Is Advocated

Federal financing of the projected rapid transit system linking the peninsula communities with San Francisco was set today as the goal necessary to meet the competition of Alameda and Marin counties in the building of the transbay bridges.

Basis for the plea for federal funds will be the fact that the government is pouring 100 millions into the Golden Gate and Oakland bay bridges to make those areas highly competitive to San Mateo and Santa Clara counties.

This, it is said, makes the peninsula just claimant to federal consideration for faster train service to meet that being supplied to its neighbors.

The recommendation for federal financing was made today in a report submitted to County Clerk Elmore B. Hinman of Redwood City, chairman of the peninsula rapid transit committee, by P. R. Thompson, San Francisco traffic expert and realtor, and Mayor John P. Quinlan of South San Francisco. These two are on Hinman's terminals committee.

The committee suggested in its report that the Market Street and municipal railway lines be used in San Francisco; that the route be through the Twin Peaks tunnel and south over the old Valencia lines of the Southern Pacific to San Bruno, from which point the existing Southern Pacific lines would be electrified to San Jose.

By running the line over this route instead of along the Bayshore the railway would serve thickly populated communities all the way and would be certain of sufficient revenue to make it profitable.

The first step in securing federal aid will be the request by the committee to Congressman John J. McGrath and Congressman Richard Welch that the government name a commission similar to the Hoover-Young commission formed for the study of the bay bridge needs.

This commission will make a study of peninsula rail needs and likely will be convinced that the request for federal funds is a justifiable one.

**DIVORCE REQUESTED**

Chester R. Ecker, 1308 Lincoln avenue, Burlingame, today filed suit for divorce against his wife, Martha, whom he married in Long Beach 26 years ago. They have two sons, William, 24, and Richard, 17. The couple separated on December 31. Ecker charges cruelty. E. B. Myers of San Francisco is counsel.

## CONGRESSMAN PRESSING W. P. RECONSIDERATION

Hope that the Western Pacific may yet be brought to the San Francisco peninsula was revived today in the receipt of a telegram by Howard I. Wood, manager of the Redwood City Chamber of Commerce, from Congressman John J. McGrath.

McGrath informed Wood that he had consulted with Railroad Coordinator Eastman today and that the latter had promised the fullest cooperation which official limitation will permit in bringing the Western Pacific and Southern Pacific together in the possible joint use of the Dumbarton bridge and tracks from Newark to San Francisco.

If this plan succeeds, the Western Pacific could probably finance the extension from Niles to Newark as it proposed.

Immediate action should be taken by all local officials and civic bodies to assure success in the plan to bring the railroads together, McGrath advised.

McGrath also wired the Western Pacific to file a new application for a permit for the new line. The railroad abandoned its plans in mid-December and decided not to ask any further continuance of the permit it held for the past few years.

Getting together of a complete case for presentation to V. V. Boatner, western regional director of railroads, was advised by McGrath. Boatner will be in San Francisco shortly.

What action to take in the matter is being debated by the chamber of commerce.

## M'Grath Says PWA in State Delaying Port

Public works officials in California are responsible for holding up the proposed development of Redwood Harbor, one of the most worthwhile projects presented, according to word received here today from Washington.

The message came from Congressman John J. McGrath to Howard I. Wood, manager of the Redwood City Chamber of Commerce.

McGrath said that the California engineer of the PWA board is responsible for the delay in securing federal funds. He urged that pressure be exerted from this end so that results may be obtained. He said the project was not meeting with delay of PWA officials in Washington.

The engineer in question has his offices in Los Angeles.

The San Mateo County Harbor Committee will meet tonight and the subject of the delay in securing funds may be the important topic of the meeting.

## Officials Will Back Jury on Slot Machines

Warning by the grand jury that stringent action will be taken to put an end to bookmaking and slot machine evils in San Mateo county was backed up today by Sheriff James J. McGrath and District Attorney Edmund Scott, who said they were prepared to act.

Scott reiterated his warning of a few days ago that unless the actions of the city authorities is voluntary, county enforcement officers will be ordered to make the "clean up."

McGrath said that as far as he knew there was no bookmaking going on or slot machines being operated in the unincorporated areas.

**Heeds Judge's Advice**

Action of the law enforcement officers is in keeping with the advice given by Superior Judge Franklin Swart to the grand jury that that body should indict the gamblers if they refuse to desist.

Judge Swart said that strong efforts were made to have him discharge the jury because of the annoyance it was causing the gambling interests.

"You have already shown the public what suckers they were, in your report revealing what certain persons were making out of the dog tracks. The public to a large extent was shamed by your report into staying away from the tracks.

"Now I am told that these gamblers again plan to become active in this county. Meanwhile certain persons have asked me to dismiss this grand jury—to fire you from your job. Instead of doing so, I am keeping you on the job for another six months.

**Two Factions**

"Word has come to me that there have been two gambling factions in this county, warring against each other, but that these factions now have got together, so that they can work as a unit and avoid further controversy. Let's get rid of both factions by making it unhealthy for them in San Mateo county.

"The slot machine racket is still hanging on. Get search warrants against the operators. Clear them out of the county, too."

## 52% of Total County Taxes Paid to Date

Of a total charge of nearly $2,000,000, San Mateo county taxpayers paid in $1,025,542.80 of the first installment due December 5, County Tax Collector Ambrose McSweeney reported today.

This paid-in total is 52 per cent of the $1,992,843.79 total charge, or about 8 per cent less than the usual 60 per cent payment on the first installment, McSweeney said.

Left to be paid by April 20 is $967,300.99.

The total delinquency last year for the two installments was 7.9 per cent, so that the present ratio is about the same.

Last year's total charge was $2,665,163.12, or $672,319.33 higher than this year's total tax.

The difference in the two figures came about due to the transfer of the school burden from the county to the state through adoption of the sales tax plan.

## Mabel Coryell Of Atherton Dies Suddenly

Mrs. Mabel Lloyd Coryell, prominent socially on the peninsula, died Friday afternoon at her home in Atherton of a brief illness. She suffered a stroke Thursday night and did not rally.

Wife of J. B. Coryell, railroad and realty operator, Mrs. Coryell several years ago engaged in a large real estate development known as Lloyden Park, in Atherton. Litigation of years' standing developed over this enterprise.

Besides her husband, Mrs. Coryell is survived by two sons, Gordon of San Francisco.
and Royal Coryell and a daughter, Mrs. Sibyl Goldthwaite.

She was also the sister of Mrs. Thomas Thompson of Redwood City, and of the late C. D. Jessup, also of this city. She was a native of San Fransicso.

The funeral will be at 10:30 Monday, in the James Crowe Co. chapel in Redwood City. Interment is to take place in Mt. Olivet Memorial Park. The Rev. Ralph Smith of Trinity Episcopal Church, Menlo Park, will conduct the services.

## Telephone Almanacs Being Distributed

Food for thought, and material for many classroom "themes," is contained in the 1934 Telephone Almanac, free distribution of which is now in progress at the 723 Middlefield road office of The Pacific Telephone and Telegraph Co., according to Manager L. C. Brown.

Among the features of this annual Bell System publication described by Brown is an "old-fashioned Bebus page with new ideas;" a table of moon phases and eclipses; and scores of facts concerning American history, particularly those illustrating how communication has welded the country into a closely-knit national community.

"Indian, colonists, heroes of the revolution, frontiersmen, forty-niners, and communication pioneers have their achievements and adventures recorded chronologically in the Telephone Almanac, said Brown.

**The fact that some New York he seeks light on assertions that the law's strictness holds up debest bet is that the securities act will survive congress intact.**

## Nurses' Bld'g Destroyed in Early Blaze

### Ambulances Rush to Spot, But Patients Are Uninjured

**Fire of an undetermined cause, which started in the basement of the nurses' quarters at the Canyon Sanatorium, destroyed that building at a loss of $25,000, caused 20 nurses and employes to flee from their beds, and awakened 40 or more patients in adjoining cottages early Tuesday.**

**The nurses' building, a two-story, 25-room stucco and frame structure, was burned to the ground as the efforts of firemen without high pressure and a limited water supply proved unavailing.**

The sanatorium is situated three and one-half miles west of Redwood City on Whipple road.

Miss Kathleen Cox, head nurse at the sanatorium, was awakened by smoke and with Dr. Paul Alexander, resident physician, spread the alarm.

The nurses saved their personal belongings but the fire had gained such headway that the building itself was doomed.

Taxis and ambulances from Redwood City and San Francisco were summoned to stand by in the event the transfer of any patients in the adjacent cottages should have been necessary. None, however, was removed.

Dr. Ralph B. Scheier, medical director of the sanatorium, who lives in Hillsborough, arrived shortly after the fire started and assisted with the care of the patients.

Dr. J. C. Geiger, San Francisco health director, placed the facilities of the Hassler Health Farm, situated in the hills two miles above, at the disposal of Dr. Scheier. Three ambulances arrived from San Francisco.

Fire Warden Bert Werder and apparatus from Redwood City was summoned and Deputy Warden Ernie Werder summoned two other departments, Fire Chief Thomas Cuff of Menlo Park and Fire Chief Hugh Morris of San Mateo.

Fire Chief Mark Ryan of Redwood City also sent equipment and joined with the other chiefs and Werder in confining the blaze to the one building.

Those who were forced to flee from the burning building included Dr. Alexander, Nurses Kathleen Cox, Dolores Carzol, Eva Rogers and Kay Woelfel, Bookkeeper Dorothy Hoffman and Night Superintendent Gertrude Mortensen.

The destroyed building was approximately 12 years old, Dr. Scheier said. He announced that it will be immediately replaced.

## Sanatorium's Blaze Being Investigated

Opinions that the fire which destroyed the nurses' quarters at the Canyon Sanatorium in the hills west of Redwood City Tuesday may have been of incendiary origin were held today by Dr. Ralph B. Scheier, medical superintendent of the institution, and Bert Werder, San Mateo county fire warden.

Werder said that Dr. Scheier advanced the theory and that he concurred in it.

Two empty oil or paint cans were found at the scene of the blaze which may have contained the inflammables necessary to start the fire.

Werder said that the investigation has disclosed that the fire started in the northeast corner of the building. There is no "problematical cause" for the fire to have started there, Werder believed.

There were no wires there as all wiring was laid in conduit; there were no shorts in the electrical wiring as the lights were burning until half the building was destroyed, and the ground was damp and moist air was circulating through the basement so that spontaneous combustion was not a probable cause Werder said.

The facts will be laid before the insurance company and an arson inquiry will likely be conducted, Werder said.

The possibility that a former employe, disgruntled over his discharge, may have caused the blaze, was being investigated, Werder said.

United States had only 17 vessels in overseas trades at the beginning of the World War.

## County Press Ass'n Elects New Officers

Following a banquet at the Fox Shoppe here Wednesday, the San Mateo County Press Association held a reorganization meeting and election of officers. The late Horace Amphlett, publisher of the San Mateo Times, was president of the organization. H. B. Cook, publisher of the San Carlos Enquirer was elected president, A. B. Cargill, Burlingame Advance publisher, vice-president and Sam H. inkleleck of the Redwood City Tribune was re-elected secretary.

Nominations for the offices were brought in by a report from the nominating committee composed of H. A. Canine, Daly City Record, Earl McCallum, San Mateo Times; Harry Elfston, San Bruno Herald and George F. Morell, Peninsula Newspapers Incorporated.

After the election a general discussion was held on plant appraisals and general printing conditions. A committee composed of Earl McCallum, E. E. Bramble, publisher of South San Francisco Enterprise, and Harry Elfston was appointed to make appraisals of the plants in San Mateo County.

A. L. Clawson, of the Porte Publishing Company of Salt Lake, spoke on price cutting and plant operation. The members requested Clawson to hold a job printing institute in San Mateo on the evenings of January 15, 22, 29 and February 5. This institute is carried on by the Porte Publishing Company and all job shop owners, and salesmen are eligible to attend.

Other members attending the meeting were Mrs. Ruby Prior, Belmont Courier, George E. Dunn, Sr. and George E. Dunn, Jr. of the Half Moon Bay News, and Mr. and Mrs. L. E. Harris of the Menlo Park Recorder.

## Flood Case Is Put Off for Three Weeks

The second trial of Mrs. Constance May Gavin's claims against the James L. Flood estate was continued Monday by Superior Judge Maxwell McNutt for three weeks.

Judge McNutt, who represented Mrs. Gavin before he became a superior judge, was allowed to grant the continuance when Attorney William J. Brennan of San Francisco waived any disqualification.

Attorney Albert Mansfield, Redwood City, representing Attorney John J. Taaffe and Mrs. Gavin, requested the continuance. Brennan as spokesman for the office of Attorney Garret McEnerney, veteran Flood counsellor, joined in the request.

Brennan, after the court hearing, said that negotiations for the settlement out of court by which Mrs. Gavin hopes to secure a portion of the Flood millions on her claim that she is an illegitimate daughter, are still underway.

He said positively that no agreement had been reached as yet.

"I cannot say how far apart or how close they may be to a settlement," Brennan said. "There ought to be a definite announcement one way or the other in about two weeks."

Brennan said that if the settlement is not concluded within the next few weeks that the Flood heirs will open their efforts to take the second trial out of San Mateo county.

## Illness Fatal to Infant Daughter Of Busch Home

Following a brief illness, Marlene J. Busch, infant daughter of Mr. and Mrs. Mathias Busch, passed away Friday afternoon. Mr. and Mrs. William F. Lutje, 319 Bradford street, are grandparents of the child.

She was a native of this city and was a year old.

## County Seeks Rights To Boulevard Route

The county of San Mateo today instituted eminent domain proceedings to secure a right of way through the Villa Homestead in Colma, naming Margaret E. Christen and others as defendants. Dr. C. V. Thompson, chairman of the board, signed the complaint. Edmund Scott and Mary Schwab prepared it for filing.

## Tribune Legal Paper of Co., Board Agrees

### Official Medium for Supervisors Is Approved

Selection of the Redwood City Tribune as the official newspaper of the County of San Mateo was the principal business transacted by the county supervisors at the meeting Monday afternoon.

The Tribune succeeds the San Mateo Times, which held the legal printing contract last year. The Tribune was the unanimous choice of the board on a resolution introduced by Supervisor John W. Poole, Redwood City, and seconded by Supervisor Albert Witt, Colma.

The board appointed Clifford Lussier of Belmont as commissioner of the Belmont Fire District and Chester W. Enger as commissioner of the Bayshore Fire District. Lussier succeeds Errett V. Sackett, who resigned, and Enger takes the place of A. R. Hermann.

Request of Menlo Park property owners for improvement of streets in that section was referred to County Engineer James S. James to submit to the CWA.

Similar action was taken by the board on the request of Jack Wheeler that the Brisbane sewer be improved.

Protest was filed by Mrs. Ella Chase of Lomita Park on the use by heavy trucks of the Lomita Park streets. Supervisor Albert Witt, Colma, declared he believed this request had merit and on his motion the matter was referred to District Attorney Edmund Scott for a report.

Julian C. Davis, 1112 Sanchez avenue, Burlingame, filed a petition for appointment as a traffic officer.

The claim of Dr. Harold E. Morrison for $74.72 damages to his car as the result of a collision in San Carlos with the car of George W. Fletcher, was referred to the district attorney.

County Auditor Edward Stack was authorized to pay the claims for right of way work done on the Daly City bottleneck over which they had been some dispute.

Request of F. W. Sewall that a path be constructed to the tubercular wards at the Community Hospital was referred to County Manager Walter Kellogg.

## New Complaint In Kellogg Move Placed on File

Attorney John E. Manders Saturday filed his second amended complaint in an atempt to oust County Manager Walter Kellogg on the ground that the latter holds his post illegally.

The newest complaint sets up that Kellogg was still the asserted agent of the Pacific Gas and Electric Company at the time of his appointment on May 29, and also that the qualification board whose duty it was to select managerial candidates had never been called together.

Attorney General U. S. Webb, Deputy Attorney Leon French and Manders are associated in the action. Superior Judge Maxwell McNutt recently sustained the demurrer of counsel for Kellogg, making necessary the new complaint.

## Hearne's Mother Dies of Illness At Ireland Home

On Monday morning last James Hearne, the local merchant, received a cable announcing the death of his mother, Mrs. Richard Hearne of Waterford, Ireland. The deceased had reached the ripe old age of 79 years. Mrs. Hearne was a noble woman, respected by all in her community, where she had spent her entire life doing good.

She is survived by four sons, the Rev. Father Maurice Hearne, St. Mary's Dungarvan; John J. Hearne, legal adviser to President De Valera, Dublin; Richard Hearne, a shoe manufacturer of Waterford, and James P. Hearne, the widely-known merchant of Redwood City. He visited his mother last summer. She was then ailing. Mr. Hearne spent two weeks with her. His visit was consoling and comforting to the aged lady who had a reunion of all her children at the old home where they were raised.

S. Surabian, Fresno, Cal., farmer, harvested a pumpkin weighing 91 pounds.

## 'HEED WILL OF PEOPLE' GRAND JURY TELLS BOARD

### Second Quarterly Report of County's Investigators Filed

**REQUESTING the resignation of certain unnamed members of the board of supervisors or the whole board if the officials as a body are not "willing to carry out the expressed will of the people," the second quarterly report of the 1933-34 San Mateo County Grand Jury was filed Tuesday with Superior Judge Franklin Swart.**

**Much conjecture was rife before the session as to what Judge Swart would do or say when the jury appeared before him because of reports that he might ask the body to resign.**

**Instead Judge Swart gave the group the assurance that they had done well as far as they had gone, urged them to become "militant and return indictments if necessary" and recommended that** they "put teeth into their action."

## County Board In Reply to Grand Jurors

### Conditions Changed, Chairman States; Other Views

Disputing statements of the 1933-34 San Mateo County Grand Jury that they were not in full sympathy with the new charter, members of the board of supervisors said today that their actions have been misinterpreted if this view is held.

Dr. C. V. Thompson, chairman of the board, said that he believed the jury will admit that changed conditions exist on the board over what they were for a time.

"I am in sympathy with the efforts of the grand jury to correct conditions in this county," Dr. Thompson said, "and assure the members of my continued cooperation.

"Unfortunately, some of the matters referred to in the report of yesterday have to do with conditions that formerly existed, and do not exist today. Since I became chairman of the board there have been no secret meetings; there has been no "whispering" at board meetings, and I have made every effort to conduct the affairs of the board with the dignity and dispatch that should prevail.

**First to Act**

"It will be remembered that I was the first to transfer my road district to the county engineer, after the charter went into effect, and I did so voluntarily. It has been my privilege to be a supporter of the charter since its inception, and any action I have supported in that regard, has been an effort on my part to give the people of this county the government they desired when they voted for a change from the old system.

"I feel confident that recently conditions have improved in county government, and that the people of the county generally realize this. I believe that conditions will continue to get better as the charter provisions get working, and I want to make it clear that I shall continue my support of the charter, interpreting liberally the desire of the people, who enacted it.

"This, of course, represents my personal views, and I make no attempt to speak for my colleagues on the board, believing any statements they care to make should come from them directly."

**Witt Answers**

Supervisor Albert Witt, Colma, who was criticised by the jury because of friction asserted to exist between himself and members of the board and other officials, said the jury had clearly misinterpreted his attitude.

"I am on the best terms with the other members of the board and with other county officials," he said. "I was sent to Redwood City to represent and protect the interests of the north end of San Mateo county and I have tried to do it harmoniously.

"If there has been any controversy, it has been as a last resort."

Supervisor Witt said that he had no quarrel with anybody and that he has been willing to meet any other public official more than half way. The supervisor expressed a belief that the grand jury was doing fine work, had accomplished more than any other similar body, and that he was willing and ready to cooperate with the jury in the proper installation of the charter and any other matter.

Supervisor Rosalie Brown, San Mateo, who was criticised for renting the truck of Joseph Botto of Belmont over a long period of time and for paying off Botto's claims in currency, said that she never knew the practice was irregular. She said it had been done before and was merely followed by her as the accepted method. She said that Botto earned every

(Continued on Page Five)

Reasons cited for the drastic request to the board that it resign if not in full accord with the charter, gathered by jury members who attended various sessions for that purpose, were given as follows:

"The lack of harmony which prevails among members of the board, witness: The spectacle of Supervisors Thompson and Witt dickering over the cost of equipment hire.

"The constant friction between members of the board with other public officials, witness: The weekly scenes between Supervisor Witt and County Engineer James S. James.

**Oppose Secret Meetings**

"The secret meetings of the board clearly in opposition to the spirit of the charter.

"The conduct of the regular meetings, the whispered conversations between the chairman and the members. The board should be reminded that the meetings are public; the citizens who attend them have a right to hear the deliberations.

"The utter disregard for the expenditure of public funds.

"The action of the board in retaining as 'special counsel' Attorney William H. Morrissey.

"The unsuccessful attempt to oust County Executive Walter Kellogg before that official had gotten fairly acquainted with his office.

"The abortive attempt to remove Health Director Harold Morrison when that official had been on the job only seven weeks.

"The open opposition of the supervisors in turning the roads over to the county engineer as required by the charter.

**Quiz Truck Hiring**

"The attitude of Supervisor Witt toward the rest of the board and the purchasing agent, witness: His deliberate hiring of trucks in an amount of $1,100 when authorized to spend only $500; his attempt to purchase those trucks without any regard for requisitions, purchase orders or other proper procedure."

Summing up these reasons, the jury says:

"The only conclusion that this jury could reach with respect to the board of supervisors is that the majority of its members are not in real sympathy with the spirit of the charter for which the people voted so emphatically.

"The grand jury therefore suggests to such supervisors and other officials who are not in accord with the charter that they immediately resign and thereby make room for men (of whom there are plenty) who are willing to carry out the expressed will of the people."

The hiring of the truck of Joseph Botto of Belmont by Supervisor Rosalie Brown of San Mateo is dealt with in the new report.

The testimony, according to the report, shows that Botto was hired in January, 1928, by the late Supervisor William H. Brown. He was induced to purchase a small truck for use on county road work, it is stated, on assurances that he would "be kept fairly busy."

It is stated that Botto was hired continuously for five and one-half years. His compensation for services, the jury report says, was fixed at $13.50 per day. Gasoline and oil were to be furnished by the county.

The report declares that Botto was paid off in currency. Total claims paid in this manner during three years and nine months amounted to $14,447 without endorsement of any kind of Botto's claims, it is alleged.

Botto continued in the county employ to June 30, 1933, and his total compensation in the five and one-half years was placed by the jury at approximately $21,000. Estimating his wage at $5 daily and $8.50 for rental of the truck, the cost to the county over that period for hire of the equipment is estimated at $13,222, or $2400 yearly.

"It would not appear," the jury said, "that the county was served to the best advantage by Supervisor Brown in the continuance of a $750 truck at a yearly rental of over $2400."

## Much Left Undone

Tax reduction activities were particularly pronounced a year ago and accomplished much good, but apparently there is still much more work to be done. That is what one gathers from reading the report of State Treasurer Charles G. Johnson, just issued.

During the year 1932 he reports that all three branches of local government, city, county and state spent a total of approximately $62,000,000 more than their receipts.

Incorporated cities and towns in the state spent $247,000,000 while their receipts were but $224,000,000. Combined expenses of all counties totaled $354,000,000 while receipts were $339,000,000. State expenses were $190,000,000 and receipts $166,000,000.

## Democrats Active

That the Democrats of the state are convinced that there is an excellent opportunity this year to wrest the governorship away from the Republicans is evidenced by the fact that an exceptionally large number of candidates for the nomination have already announced.

On the other side, except for the informal statement of Rolph and the noise made by some of the lesser lights of the party, no Republicans have tossed their hats in the ring.

That the Democrats of the state actually have a chance this year none will deny, the conduct of the national administration and its liberality to California being a factor to give them reason to be encouraged to make the flight.

## Menlo Park

Miss Max Leona Anderson will give a dinner at her Atherton home Saturday evening, January 27, preceding the "Gayeties" at the Hotel Fairmont in San Francisco.

Michael Enos, 69, a resident of this city for over thirty years passed away at his home on Santa Crub avenue, December 26. Surviving him are his widow, Mrs. Constance Enos, and the following children, all of Menlo Park; Mrs. May Hughes, Mrs. Dora Variseco, Mrs. Florence Stewart, and John Enos. Several grand-children and two great-grand-children survive him. Mr. and Mrs. Enos celebrated their golden wedding anniversary here on September 9.

Mrs. Nelle Fletcher, who has been ill with a severe cold, has recovered sufficiently to attend to her Specialty Shop on Santa Cruz avenue.

Isabelle Weeden Lindquist accompanied the singers who took part in the eighteen acts of vaudeville which Palo Alto American Legion Post No. 375 put on for the entertainment of the patients in the U. S. Veterans' Hospital New Year's Day.

Portraits by Miss Louise Hahn, daughter of Mr. and Mrs. A. G. C. Hahn, are on exhibition at the Stanford Art Galleries. The exhibit includes portraits of Oswald Uhl of New York, Timothy Hopkins and the young artist's father, Mr. A. G. C. Hahn.

The Spencer home, the scene of a tragedy over a year ago, was resold this week to a wealthy San Francisco merchant who is to improve the property. It is asserted that the purchase price was $20,500.

The annual meeting of St. Joseph's Alumni Association took place last Sunday at the auditorium of the parochial school. Seventy-five former pupils were present for the annual election of officers. Joseph Morey was retained as president and Desmond Sullivan as treasurer; Miss Jean Ward was elected vice president; Miss Madeline Morey, secretary, and William Glynn, sergeant-at-arms.

Guests of honor were Mother Foley, principal of the school, and Mother Moran. Both have served for 26 years and are now teaching the children of former pupils. Mother Foley is never so happy as when mingling with her former students in these annual reunions. She delights to greet them and encourage them in their work.

Other guests were Father Kennedy, who delivered a brief address to the ex-graduates; Father J. J. Gleason, assistant pastor of the Church of the Nativity, and sisters from the Sacred Heart Convent. Father Gleason was chosen chaplain of the association, taking the place of Father B. Burke.

The remainder of the program was made up of vocal solos by Miss Ward, Piano numbers by Miss Antoinette Dunphy, carols by the Church of the Nativity Choristers, and dog tricks presented by James Glynn of San Jose and his trained dog.

The faculty of the school served refreshments.

The Menlo Park Ciy Council discussed closing hours for liquor special meeting held at 7:30 o'clock last night in the city hall.

Members of the council decided on the need to discuss such a move

(Continued on Page Five)

## Redwood City 30 Years Ago

Henry Finger of Santa Barbara visited his mother here this week.

Mr. Stoddard, proprietor of the Yosemite Stage Company, was in town Tuesday with his friend, D. A. Curry. Mr. Curry expects an early and extensive Yosemite camping season this year.

Henry McEvoy, son of Supervisor McEvoy, was fireman on the engine which turned over last Saturday after running off of the derailing switch near Tanforan. Mr. McEvoy was not injured in any way in the accident.

Mr. Lucsher is circulating a petition which is being signed by all the business people of the town and the citizens generally. The petition sets forth the fact that the town lights have been put out at midnight and that many accidents have occurred by reason of the darkness after 12 o'clock. It is sought to have the town trustees keep the lights burning until morning.

Ed Tribolet and Henry Leahy have enlisted in the navy and are now on board the U. S. R. S. Independence at the Mare Island Navy Yard. The former goes as a coal-passer, while Leahy has enlisted as an able seaman.

## Insurance Costs May Be Reduced At Menlo Park

MENLO PARK, Jan. 11.—With work proceeding today on the demolishment of the old frame Maloney building on El Camino Real here, Fire Chief Thomas Cuff announced that he will ask the board of fire underwriters for a resurvey of fire hazards.

Chief Cuff said that the razing of half a dozen frame buildings in the past year should mean a substantial reduction in the insurance rates.

John W. Morey was given a permit by the city council to construct the new building on the Maloney site. The new structure will house the postoffice and several stores.

Persistent broadsides from Wall Street have led Roosevelt to consider a revision. Far from convinced that a change is desirable,

## Court Proceedings

DEPARTMENT ONE

Present: Hon. Maxwell McNutt. Dated January 8, 1934.

Estate of John J. Royal; will; continued to March 1, 2.

Estate of Claude D. Allen; admitted.

Estate of Sarah Jane Curtis; will; admitted.

Estate of Adam H. Baker; will; admitted.

Estate of Dominico Francesconi, will; admitted.

Estate of Manuel Alves; letters; granted.

Estate of Albert E. Smith; petition to assign estate to widow; granted.

# Is Your Name on National Blacklist?

## Are You a Member of the "Privileged Class" Recently Established by Government Decree?

## or

## Are You a Member of the "Inferior Class" Recently Established by Government Decree?

**The Public's attention is called to the following facts, presented by a committee whose members have long been active in General Relief Work:**

The following is quoted from the PALO ALTO TIMES issue of January 10, 1934.

### LABOR UNION CONTROL OF RELIEF HIT

#### Ravenswood Group Asks For Modification Of Rules

Declaring that under the rules of the re-employment service skilled labor of the non-union category is discriminated against because of the power held by the unions for administering the federal money appropriated for relieving distress, the Ravenswood Chamber of Commerce today dispatched a communication to United States Senator Hiram Johnson asking for corrective action. "Many of these skilled laborers have found it impossible to keep up union dues and support their families," the communication states. "Such an injustice to them was never contemplated in the administering of the act."

The text of the communication follows:

"There have been abuses arising in the administration of the re-employment service, as you undoubtedly know, but one in particular is affecting most seriously those who are in greatest need has just come out in Rules and Regulations No. 1 and is contained in the following paragraph:

"'Highly skilled or organized labor shall not be required to register for work at such local employment agencies, but shall be secured in the customary ways through recognized trade union locals. In the event such highly skilled or organized labor is not secured by such locals within 48 hours after request is filed with them, then such workers shall be obtained through local employment agencies designated by the United States Employment Service.'

"Our object in writing you is to call your attention to the situation that has arisen. It is very serious and is brought about by the above regulation.

**Reasons for Protest**

"Our reasons for making the protest are as follows:

"It is permitting union labor and local unions to usurp a definite function of the United States Re-employment Service.

"It places the power to distribute federal moneys appropriated for the purpose of relieving distress in the hands of local labor unions and can be abused.

"It is a rank injustice to those skilled laborers who are registered with the Unemployment Service.

"It makes it practically impossible for the skilled worker to secure employment at the higher rate unless he belongs to a union. Many of these skilled laborers have found it impossible to keep up union dues and support their families. Such an injustice to them was never contemplated in the administration of the act.

"It is causing, and justly, the deepest and widespread resentment among those skilled workers who are discriminated against.

**Want Order Rescinded**

"We strongly recommend and urgently request that you use your best efforts to the end that this order be rescinded and that the purpose of the act be carried out to re-employ those in need through the duly constituted Federal Reemployment Agencies according to qualifications without regard to union, political or other affiliations.

"This organization is not opposed to union labor or collective bargaining. It simply wishes a fair deal for all unemployed labor.

"Your efforts along this line will be greatly appreciated, and also, we will appreciate your reply as to your views in the matter. Any desired information or data will be gladly and promptly given."

Dr. E. R. Tait is president of the Ravenswood Chamber of Commerce. Department directors are C. H. Steere, Lewis Wheet, Nathan King, S. W. Hull, Paul Fleischer, Glenn Kenyon, John Huss and Guy Payne.

The Relief work above referred to has heretofore been carried on for the benefit of all persons in need of help. Both food and work relief, within the limits of the available funds contributed by the county and by individuals, was given those in need **according to their respective necessities** and without discrimination or favoritism. All applying for assistance were treated merely as fellow human beings in great distress. In helping them, no distinctions were made. **All in need were deemed on an equal basis and were helped accordingly.**

The Committee now presents an entirely different picture, a picture of the present day method of giving employment to the millions out of work. This picture is based on the Committee's interpretation and understanding of the C. W. A. regulation hereinafter quoted. The Committee is not in possession of all the facts which might or might not modify this picture.

Recently the C. W. A. adopted the following regulation which compels every local "Director of Relief" under its jurisdiction to act in accordance with the regulation reading as follows:

"Where Employees Are Obtained: Hereafter, to the fullest extent possible, labor required for the project and appropriate to be secured through employment services, shall be chosen from the lists of qualified workers submitted by local employment agencies designated by the United States Employment Service; **Provided, however, that organized labor, skilled and unskilled, shall not be required to register at such local employment agencies but shall be secured in the customary ways through recognized union locals.** In the event, however, that qualified workers are not furnished by the union locals within 48 hours (Sundays and holidays excluded) after request is filed by the employer, such labor may be chosen from lists of qualified workers submitted by local agencies designated by the United States Employment Service.

Civil Works Administrations may use organized or unorganized labor.

Nothing in these rules is intended to discourage union or non-union workers from registering with the agency designted by the United States Employment Service."

NOTE that this regulation applies to both **"skilled"** and **"unskilled"** labor. Note that this regulation gives **preference to "organized"** labor, whether **"skilled"** or **"unskilled,"** thus making "organized" labor a **"Priviledged Class."**

NOTE that this regulation limits this "Privileged Class" and confines it to **"recognized"** organized labor. (Recognized by whom?)

NOTE that this regulation establishes an "Inferior Class" comprising all labor **(skilled or unskilled)** not organized, or whose organizations are not "recognized" by some unnamed person, agency or authority.

NOTE that this regulation gives **preference** to "recognized organized labor," (whether skilled or unskilled) not because such "Privileged Class," (as compared with the "Inferior Class,") is in greater need of work, is in greater need of food, clothing, shelter or the other necessities of life, **but simply and solely because they are organized and their organizations are recognized by some unnamed authority.**

NOTE that this regulation provides that only "recognized organized" labor, skilled or unskilled, shall be employed on C. W. A. projects **until the supply thereof is exhausted,** and **then and only then shall** members of the "Inferior class" of American citizens be given the opportunity of securing a job on any C. W. A. project.

NOTE that this regulation presents to the American public, and especially to that great volunteer army of patriotic relief workers throughout the county, a somewhat novel **criterion** by which to measure out relief to the Nation's millions of unemployed.

This new **"criterion"** does not recognize the relative necessities of the unemployed. **It is not even based on the need of help.** Any idle worker, if a member of the "Privileged class, **must** be employed in C. W. A. projects, in **preference** to anyone in the "Inferior Class," even though such privileged citizen is financially able to live the rest of his life in idleness.

NOTE that this regulation does not provide for any C. W. A. supervision of the internal activities of any recognized union local. Each such organization is a law unto itself in respect to the selection of those of its members who shall be given preference and designated by it to accept jobs on C. W. A. projects. The local union is not required to select its members for C. W. A. jobs **according to their relative needs.** Such selection can be arbitrarily made and the rights of some of the members entirely ignored. If this C. W. A. regulation is used by recognized locals to recruit new members, what assurance have these new members, after paying their initiation fees and dues, that they will be placed on an equal footing with the older members of the union who have remained active members throughout the depression? Anyone, with but a slight understanding of human nature, knows how such new members would be treated in respect to being designated for C. W. A. jobs.

NOTE that this regulation does not require any union to take in new members. Thus the recognized labor organizations are permitted to restrict or increase their total membership so that their members may possibly secure all C. W. A. jobs.

NOTE that the "Inferior Class" is put on the National Blacklist. They cannot secure C.W.A. jobs until "organized labor," whether **"skilled or unskilled,"** is 100% employed on such jobs.

This committee understands that, in San Mateo County, there is no "recognized labor organization" of unskilled labor. Therefore, nonunion **unskilled** men **fortunately, and not because of the C.W.A. attitude,** are able, in this county, to secure non-skilled C.W.A. jobs. However, non-union **"skilled"** men cannot secure C.W.A. **skilled work jobs** at **skilled work** wages. Such skilled workers are on the Blacklist and can only secure **unskilled** work at **unskilled** wages **so long as there are any recognized union men left to take the C.W.A. skilled work jobs at the much higher rate of wages.**

**This committee is not opposed to organized labor. In fact, it believes that labor can protect its rights and secure justice only by organizing. If the farmers had the wisdom of organized labor and followed their example, there would be few farm mortgages today.**

This committee presents the foregoing for the purpose of arousing and crystallizing public sentiment against this unjust discriminating and un-American regulation. This committee does not believe in class distinctions, in class discrimination, in blacklist or in coercion, least of all in relief work for those in distress.

Think of it—creating class distinctions, creating privileged and inferior classes in measuring out relief for the nation's millions of human beings in distress!

The Committee approves much in the New Deal, but, after all, the main thing in this country is to secure a **Square Deal** for all.

The committee urges all individuals and organizations, opposed to class distinctions and in favor of the **Square Deal** for all the unemployed to take prompt action and make known their attitude. Protests against this C.W.A. regulation hereinafter quoted, should be wired the respective heads of the C.W.A. and P.W.A. in Washington and possibly to the President. The committee is confident that our great President is ever willing to right a wrong and is making every possible effort to have all of us get a **"Square Deal"** as well as the **"New Deal."** Protests against these regulations sent to him will undoubtedly bring quick action—not only quick but **just** action.

This committee is cooperating with the Ravenswood Chamber of Commerce in the effort to secure a modification of this C.W.A. regulation. We, therefore, in connection with the foregoing statement, quote from the Palo Alto Times issue of January 10, 1934, an article concerning such regulations.

The P.W.A. has also adopted a similar regulation reading as follows:

"Highly skilled or organized labor shall not be required to register for work at such local employment agencies, but shall be secured in the customary ways through recognized trade union locals. In the event such highly skilled or organized labor is not secured by such locals within forty-eight hours after request is filed with them, then such workers shall be obtained through local employment agencies designated by the United States Employment Service."

"It once was cynically said, in discussing the characteristics of our two political parties, that the Democratic party had all the heart and the Republican party all the brains.

"Small evidence of brains in the Republican leadership of today if they cannot find ways and means to serve themselves while loyally and patriotically serving the nation.

"The Hearst papers are not Republican organs, but they suggest as a patriotic program for the Republican party:

"Constitutional government.
"Individual liberty.
"National independence and political isolation.
"Invincible national defense.
"Protection for American products and producers.
"Exclusion of defaulters from American markets.
"Selective immigration.
"Universal education.
"Law enforcement, rigorous and impartial.
"Simplification of government.
"Elimination of bureaucracy.
"Economy in administration.
"Reduction in taxation.
"No tax evasion.
"No tax discrimination.
"NO CLASS DISTINCTION.
"EQUAL RIGHTS, EQUAL PRIVILEGES, EQUAL OPPORTUNITIES, EQUAL OBLIGATIONS FOR EVERY CITIZEN.
"Make the United States safe for democracy.

WILLIAM RANDOLPH HEARST."

## COMMITTEE OPPOSED TO CLASS DISTINCTIONS IN RELIEF WORK

**By William K. White, Chairman, Menlo Park, Calif.**

## Commission in Order for R. R. Crossing Check

Acting on a request of the Peninsula Grade Crossing Conference, the railroad commission has instructed its transportation division to make a survey of the grade crossing situation of public highways over Southern Pacific Company's tracks between San Mateo and Redwood City. This survey will include a study of the physical conditions of the crossing, protection, and the number of crossings necessary over this section of track to reasonably meet public convenience and necessity for access over the railroad.

Under the public utilities act, the commission is given authority to order crossings closed by separation or physical closing. With this enlarged control over the grade crossing situation, the commission is in a position to direct the closing of unnecessary grade crossings over railroads which very often are not maintained to a high standard or provided with special protection, and are very often the scene of serious accidents.

**LAUNCH BURGLARIZED**

Theft of bilge pump, several wrenches and an oil stove from his launch near the Dumbarton bridge was reported to Sheriff James J. McGrath today by William Cordoff, East Palo Alto

**LEGAL**

**SUMMONS**
**No. 22619**

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

ARIBELLE P. FRANKLIN, Plaintiff, vs. CHARLES E. FRANKLIN, Defendant.

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

CHARLES E. FRANKLIN, Defendant

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this summons, if served within said county, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 27th day of October, A. D. 1933.

(SEAL)

E. B. HINMAN, Clerk.
By F. M. RYAN,
Deputy Clerk.

HUGH F. MULLIN Jr.,

## Burlingame Accepts New Water Proposal

BURLINGAME, Jan. 11. — Acceptance of the plan of George Courtney of Fruitvale to supply the City of Burlingame with all the water it needs at 15 cents a thousand gallons was voted by the council and the water commission at a special meeting last night.

Courtney plans to tap a subterranian river which he claims will supply the city with as much as 1,000,000 gallons per day. He does not ask the outlay of any funds by the city.

The city is at present paying 29 cents per 1,000 gallons to San Francisco.

## MENLO PARK

Continued from Page Two)

following the presentation of two petitions from merchants, including liquor dealers, both advocating and opposing regulations of hours.

It has indicated that any ordinance adopted would include a provision banning liquor sales on Sundays as well as regulating hours. Councilman E. H. Hart asserted, "I think we may take it as set that we are going to control the hours and close liquor stores on Sundays." In answer to an objection raised in the opposition petition Mayor W. H. Weeden declared that such an ordinance would not be local option, which is prohibited under the state liquor act, and that Sunday closing could be enforced under the state's Sunday closing law.

**Petition Presented**

Sixteen merchants, the great majority of whom sell liquor in one form or another, presented one petition requesting the 10 p. m. to 7 a. m. be established as closed hours for the selling of "alcoholic beverages or liquors of any kind." They believe, it is understood, liquor selling should be kept within bounds.

Ten business houses signed the protest petition. Among the reasons cited were "that such regulation will not deter any effort on the part of the prohibition party to extend the mile and a half limit to include Menlo Park in the dry area adjoining a university," that "caterers not being able to serve beer or wine with meals and other merchants who sell accessories to alcoholic beverages and who remain open after 10 p. m. will suffer general loss in sales" and that outside merchants "will take advantage" of this and cause Menlo Park merchants the "loss of sales by day as well as night."

**Local Option Raised**

The signers of the second petition also assert that the majority of the signers of the first "do not sell, have not sold and do not intend to sell" liquor after 7 p. m. or on Sundays "because they habitually close their stores and have done so for years." Others are declared not to be interested in liquor selling. The petition also raises the point that any regulation of hours would be local option.

Capt. Hugo May, city building inspector, was authorized to issue a building permit to John W. Morey for the constrction of a business building on El Camino Real to be known as the Maloney Building to house the new postoffice and a number of stores.

The Menlo Park Parent-Teacher Association was granted permission to hold weekly benefit dances without a license fee.

## New Officers Of Exchangites Are Installed

Exchangites and their wives and friends made merry on Tuesday at a dinner in Bertrand's, on Middlefield road, when the new officers for 1934 were installed.

President Alfred Robertson took the office relinquished by James Eva. Other officers installed, in addition to the board of control, were Dr. Robert Monteith, Harold Anderson and Emil Hendrickson, vice-presidents; Wilbur Doxsee, secretary; and J. A. Buhler, treasurer.

District Attorney Edmund Scott was toastmaster, and the program was arranged by Wilbur Doxsee. It included music by a quartette composed of Mr. and Mrs. Doxsee and Mr. and Mrs. Herman Phillips, accompanied at the piano by Mrs. J. R. Fox. Bryce Kincaid and Dr. Monteith also contributed to the musical program.

Dancing followed the dinner.

## Expenditures In New Budget To Be Minimum

Hope of cutting at least $25,000 in capital expenditures out of the 1934-35 San Mateo county budget was expressed today by County Manager Walter T. Kellogg in a determined effort to substantially reduce the county tax rate.

Kellogg said he is already at work on the new budget and will comply with the request of the grand jury that it be ready by June 1 so that ample time for its study and revision will be had.

None of the chaotic conditions attendant upon the last budget will be present, Kellogg said. The present budget was prepared at the time he took office and before he had time to study the needs of the county.

Every unnecessary expenditure will be eliminated in capital items next year, Kellogg said. The one exception now in mind is that of repainting and improving the courtroom of Superior Judge Maxwell McNutt.

**SPENDS WEEKEND IN REDWOOD CITY**

Miss Betty Davis of Millbrae spent the weekend in Redwood City as the guest of Miss Eileen Lambert.

## $55,885 Sought For Fatal Mishap To Colma Woman

Fatal injuries incurred in October in a truck-pedestrian accident by Mrs. Elise Witt, Colma pioneer and mother of Supervisor Albert Witt, today resulted in the filing of a damage action for $55,885.70 against the Excelsior Ranch.

Mrs. Witt, according to the complaint, was walking easterly across Mission street at Market street, Daly City, on October 25, at 5:10 p. m., when she was struck and fatally injured by a dairy truck driven by John Zgreggan, also known as John Scroggins.

Both legs were crushed and amputation was necessary. She failed, however, to rally and died on November 1. She was 58.

Albert Witt, Sr., the widower; Supervisor Witt, Charles Witt, Mrs. Anita Witt Heitmann and Walter Witt, daughter and sons, bring the complaint. Defendants are Frank Labrucherie, John La Coste and Leon Domecus, co-partners in the Excelsior Ranch, and Scroggins.

The Witts ask $50,000 general damages, $2,177.1 for medical and hospital care, and $1,108.54 for funeral expenses and interment.

King crabs are not crabs and not even crustaceans, but relatives of the spider.

## CO. BOARD

(Continued from Page One)

cent that he was paid.

Mrs. Brown also declared that she was in full accord with the charter and that the steps which the board took to clarify some of its provisions were not in opposition to the charter but in its interests.

Supervisor Manuel Francis, Half Moon Bay, who was criticised for collecting mileage, said that he had not drawn any for years until told by other members of the board that he was entitled to it.

Francis said that he then advised with the best legal talent to make sure that it was proper and put in his claims for mileage only after he was told the claim was legal.

He also declared himself in favor of the charter, and said he had not been in opposition to it.

**No Reference to Poole**

Supervisor John W. Poole, of Redwood City, also joined with his colleagues in stating that he was in the fullest accord with the county charter.

"My intentions have been directed toward an orderly introduction of the new charter so that a business-like administration of government could be secured," he said.

No reference to Supervisor Poole was made in the grand jury report.

*"John, we may have a bigger gas bill this month. The heat has been on all day."*

*"Probably so, but any kind of heating costs more in January. Most of our gas bills have been low."*

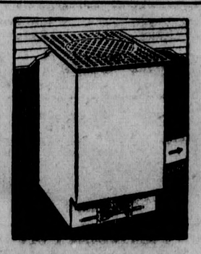
*Natural Gas*

**Naturally THE BETTER FUEL**

LIVING COSTS in January are higher than in any other month of the year. More lighting is needed. More heating is needed. It is the peak month for low temperatures and high living costs.

Fortunately, since Natural Gas Heating has become so popular, one item of winter expense has been greatly cut down. With Natural Gas Heating, which maintains inside temperature at the comfort level of just above seventy degrees, the cost of keeping well has been reduced.

Install gas heating equipment this month when you need adequate and abundant heat the most. Four to ten times as much heat is needed in January when more hours each day and more days during the month are chilly than in September. Low first payment and budget terms make gas heating appliances easy to own and enjoy.



*Circulating Heater*

Attractive, low in first cost and highly efficient. It heats two to four rooms. Made in many sizes and styles. Extremely economical to operate.

*Floor Furnace*

Solves the heating problem for homes without a basement. Highly praised by thousands. Saves floor space and is easy and most economical to install and operate.

**NOTICE OF SALE OF REAL ESTATE UNDER DEED OF TRUST**

In accordance with the terms and provisions, and under the power of a certain Deed of Trust made and executed by THE MOXEY REALTY COMPANY, a corporation, to WESTERN TITLE INSURANCE COMPANY, a corporation, trustee, and SALLEE S. ROGERS, beneficiary, dated February 21, 1928, and recorded on February 23, 1928, in Book 341 of Official Records at page 131, San Mateo County Records, given to secure a Promissory Note in favor of said Sallee S. Rogers, and in pursuance to the Notice of Default and breach and election to sell by said Sallee S. Rogers, beneficiary, and intention to cause the property mentioned and described in said Deed of Trust to be sold to satisfy the obligation of trustor secured by said Deed of Trust, which Notice of Default is dated September 29, 1933, and recorded September 29, 1933, in Book 603 of Official Records at page 211, San Mateo County Records, and more than three months from the date of the recording of said Notice of Default and breach and election to sell, having elapsed, and demand having been made by said beneficiary that the undersigned trustee sell all of said real premises, or such part thereof as it shall find necessary to sell in order to accomplish the object of this trust.

NOTICE IS HEREBY GIVEN that on the 29th day of January, 1934, at the front door of the County Court House, of the County of San Mateo, State of California, in Redwood City, California, at the hour of 11 o'clock a. m., the undersigned trustee will sell at public auction to the highest bidder for cash in lawful money of the United States, all that certain real property situate in the County of San Mateo, State of California, more particularly described as follows, to-wit:

BEGINNING at a ¾" iron pipe monument set at the Southeast corner of the North one-half of the Northwest one-quarter of Section 24 in Township 6 South, Range 5 West, M. D. B. & M., State of California; thence along the line dividing the East one-half from the West one-half of said Section 24, North 0°25' West at 612.00 feet, a ¾" iron pipe monument 1267.13 feet to a ¾" iron pipe monument set alongside an old 3"X3" post for ¼ section corner between Sections 13 and 24 in said Township and Range; thence along said line between Sections 13 and 24 South 89° 02' 50" East- at 628.83 feet, a ¾" iron pipe monument 1090.10 feet to a ¾" iron pipe monument at the Northerly end of the dividing line between the lands of H. C. Tuchsen and J. B. Perry as described in that certain partition deed executed by the said H. C. Tuchsen and J. B. Perry, dated April 16, 1920, and recorded April 17, 1920 in Liber 292 of Deeds at page 111, Records of San Mateo County; thence on and along said dividing line South 7° 42' 30" East 620.76 feet to a ¾" iron pipe monument set at the Northeasterly corner of that certain 19.85 Acre Tract conveyed by H. C. Tuchsen to W. F. Block by deed dated January 25, 1924 and recorded January 29, 1924, in Liber 104 of Official Records at page 111, Records of San Mateo County; thence leaving the above mentioned division line between said H. C. Tuchsen and J. B. Perry, and along the Northerly and Westerly line of the said 19.85 Acre Tract, the following courses and distances:

South 82° 18' 30" West 218.10 feet; North 87° 03' 30" West 104.91 feet to a ¾" iron pipe monument; South 26° 10' 30" West 152.87 feet to a ¾" iron pipe monument; South 0°50' West 144.39 feet; South 1°48' East 133.53 feet; South 1°06' 30" East 95.10 feet to a ¾" iron pipe monument; South 58°22' West 181.03 feet; South 44°09' West 103.19 feet to a ¾" iron pipe monument; South 11°59' West 88.74 feet; South 10°57' 30" East 11.41 feet; thence leaving said Westerly line of the 19.85 Acre Tract South 83° 13' West 100.40 feet; thence South 88° 42' West 50.87 feet; thence South 1°18' East 90.77 feet; thence South 45° 33' East 99.60 feet to the center of a travelled roadway; thence along said travelled roadway as follows: South 46° 30' West 51.54 feet; South 28° 18' West 64.09 feet; South 36° East 66.96 feet; South 52° 46' West 48.60 feet; South 85° 26' West 72.28 feet; South 73° 52' West 115.43 feet; South 53° 12' West 85.59 feet; North 58° 35' West 125.34 feet; North 69° 40' West 36.73 feet to the above mentioned dividing line between the East one-half and the West one-half of Section 24; thence leaving said travelled road and along said dividing line, North 527.10 feet to the place of beginning.

CONTAINING 33.37 acres and being a portion of the Northeast one-quarter of Section 24 in said Township and Range.

Together with a right of way over a strip of land 10 feet in width lying immediately Northeasterly and 10 feet at right angles from the following described line which said line will be the Southwesterly boundary line of said right of way;

BEGINNING at a point on the center line of a travelled roadway from which a ¾" iron pipe monument set at the Southeast corner of the North one-half of the Northwest one-quarter of Section 24 in Township 6 South, Range 5 West, M. D. B. & M. bears North 53° 28' 50" West 572.35 feet distant; thence North 54° 33' West 99.60 feet to end of said right of way.

Together with the right to enjoy and use the rights of way granted and reserved in that certain partition deed executed by said H. C. Tuchsen and J. B. Perry, dated April 16, 1920, and recorded April 17, 1920, in Liber 292 of Deeds at page 111, Records of San Mateo County, California, together with the right to enjoy and use the right of way reserved in that certain deed, executed by H. C. Tuchsen to W. F. Block by deed dated January 25, 1924, recorded January 29, 1924, in Liber 104 of Official Records, page 111, Records of San Mateo County.
